Your superpower is how you respond.

Tom zigzags across the United States speaking to over 100k young adults. He leads our next generation through the ups and downs of following their dreams, helping people transform their response to life's challenges. Tom believes we cannot choose all of the things that happen to us, but we can choose how we react to them.

THE STORY

A Midwest kid who grew up dyslexic, Tom dreamed of going pro on a snowboard — and did. But through compromise the dream became a nightmare: seven years touring the world left him addicted, depressed, and alone. A neighbor shared the gospel and dared him to ask God to show up if He was real. God did. Healed and freed, Tom now carries that same dare to every stage: ask God if He's real.
